

Dear Parents,

Your child has participated in Utah's Largest Math Event. She/he is submitting a solution to the Utah Council of Teachers of Mathematics for a chance to win prizes. Your child's solution may be published on [www.UCTMonline.org](http://www.UCTMonline.org) and/or in the UCTM newsletter. It is necessary for you to provide permission to post the solution publicly. Your child's teacher will be notified if the solution is chosen for publication.

Submitting a solution will allow students to demonstrate knowledge of concepts and develop their talents as well as enhance the educational experience of other students and teachers.

I give the Utah Council of Teachers of Mathematics permission to publish my child's solution from Utah's Largest Math Event.
